Greeting card project

For this project you will be creating a family greeting card for one of the upcoming holidays. You will need to research greeting cards and come up with a rough draft idea of your card and get it approved by Mr. Klassen before starting on your own. Your greeting card must include.

Returns

A pattern that you created as a background

Using the pen tool to create or trace a symbol of that holiday

Using the shapes tool to create an animated person or animal

Using the text tool to create a brief text wishing everyone a happy holiday

You will be graded on proper use of colors and overall appearance of your greeting card. Please take your time and make these look nice this will be the biggest project yet, and will be worth 75 points. Use any of the skills we have learned up to this point.

Project rubric

Proper color use	15pts
Pattern	15pts
Pen tool to create symbol	15pts
Shapes tool to create animation	15pts
Text tool to create text	15pts

Cards will be critiqued on the 5th of January when we return from break.
